PROFESSIONAL PROFILE

Software Engineering student and aspiring Full Stack Java Developer with knowledge of Java, Spring Boot, JavaScript, HTML5, CSS3, React, SQL, MySQL, Git, and GitHub, gained through academic training and collaborative software development projects.

I am recognized for my analytical thinking, problem-solving skills, continuous learning mindset, and ability to quickly adapt to new technologies. I am seeking my first opportunity as a Full Stack Developer, where I can contribute high-quality solutions, learn from experienced professionals, and grow alongside the company while continuing to strengthen my technical skills.

RELEVANT PROJECTS

Trendy Shop | Full Stack Developer | 2026

Developed an e-commerce platform using Java, Spring Boot, React, and MySQL, implementing RESTful APIs, authentication, and version control with Git and GitHub.

Oral LUANM | Frontend Developer | 2026

Collaborated on the development of a web application for a dental clinic using HTML, CSS, JavaScript, and GitHub.
